 - Accessories.

Bathroom is an intimate space and with changing times, newer concepts are evolving as far as its decoration, plus accessories are concerned. Most urban homes are quickly supplementing the traditional mug and functional bucket with newer items. An international research study shows that people spend at least half-an-hour a day in the bathroom and that they want this space to reflect a cozy atmosphere. The sanitary ware industry is placed at Rs. 700 crore in terms of value. Know Us

Graceful lines, impeccable curves and flawless finish - that's what Mark Ceramics for Sanitary ware is all about. We are a leading manufacturer and exporter of Wash Basins with Pedestal, Wash Basins, Under Counter Wash Basins, Top Counter Wash Basins, Platform Wash Basins, Urinals, Water Closets, European Water Closets with Cistern, Bidets, Squatting Pans, Bath Room Accessories, Rustic Collections, Printed Collections, etc.

These are available in vibrant colors, expressing comfort and luxury for modern bathrooms in households as well as the commercial sectors. We have a particular collection under the brand name 'MARK', which has made a powerful market presence through an extensive network of distributors. Our mission is to enhance comfort in homes and improve quality of life through technologically advanced sanitary ware while following the concept of water conservation.

Mark Ceramic for Sanitary ware is committed towards providing products and solutions that provide maximum utility to the end users. To accomplish this, quality is integrated into the entire production process. We have our own in-house testing laboratory where we check all the products for any kind of production flaws or discrepancies. We conduct a number of tests including crazing test, water absorption, MOR testing, resistance to stain and thermal test, chrome finish, etc.

The products that we manufacture and those we export are cross-checked before the final delivery. Our focus is to keep up with international quality standards at all times. Save Water...Our Motto Our germ-free, sparkling clean sanitary ware not only adds glitz to your bathroom but is also engineered to save water. In each of the water closets, water flushes with minimum, thus the consumption of water is less and effectively serves our motto to conserve water and save the earth.
